25X1 5. [] Talked with Jim Kendall and Ben Gilleas, 25X1
Senate Preparedness Investigating Subcommittee staff, in the presence of
Colonel Robert Dunn, who will be the Air Force escort officer for Stuart
French and Ben Gilleas on their trip to Southeast Asia.

25X1 6. []

25X1 6. [] Talked further with Mr. Reed, in the office of
Senator Thruston Morton, to see if he had any other items on his meeting with
Oleg Bubnov of the Soviet Embassy. In fact, he had nothing further of any
consequence.

25X1 7. [] Delivered to Mr. Blandford, House Armed
25X1 Services Committee staff, a number of items from Pearson/Anderson columns
and books which purport on their face to deal with classified information. I also
25X1 left with Blandford an unclassified article on "The Protection of Intelligence
Data" done by [] of OGC. I cautioned Blandford that one must be
most careful in charging violations of law in this area because of the difficulty
of successful prosecution.

25X1 8. [] Talked with Mr. Robert Michaels, House
Appropriations Committee staff, who, on behalf of the Chairman, had a few
questions on the USS LIBERTY. I indicated to Michaels we would not be
in a proper position to give detailed answers and he should take them up with
the Pentagon.

25X1 9. [] Bernard Waters, in the office of
Senator Everett Dirksen, advised that he has discussed the Ervin bill (S.1035)
and our desire for an exemption with the Senator. He indicated the Senator
was certainly favorably disposed toward the Agency view. Mr. Waters will
work with him further on seeing that the Senator's views are made known to
Ervin in the proper way.
